# INTRODUCTION

The existence of crime in our state is a concern not only of law enforcement, but of our state as a whole. This report presents an overview of criminal activity in Delaware in 1987.

Because of their seriousness, frequency of occurrence, and potential for accurate reporting, eight offenses (Homicide, Rape, Robbery, Aggravated Assault, Burglary, Larceny, Motor Vehicle Theft, and Arson) were chosen by the federal government to comprise a Crime Index and serve as indicators of the national crime experience. This report uses these national measurement criteria to report the status of CRIME IN DELAWARE - 1987.

Incomplete and late reporting of some data elements of the Uniform Crime Report (UCR), and other annual report program computation disparities have resulted in some tables and charts that contain different data totals.

The Statistical Analysis Center relies on all Delaware law enforcement agencies for its accurate crime information. Any data irregularities, errors, or inconsistencies will be reflected in this report. This report addressed only criminal offenses that have been investigated and found to be legitimate crime complaints.

As updated crime reports become available they will be reported in future crime analysis reports.

# EXECUTIVE SUMMARY

Crime in Delaware increased in 1987 compared to 1986 by 4,308 for a total of 107,616 reported crimes. This is the fourth consecutive yearly increase. The greatest concern is the pattern of the increasing number of reported homicides and rapes in Delaware. Those actions, tragic in terms of victimization, also carry an expensive long term cost of increased criminal justice work loads and higher prison population.

TOTAL CRIME: 107,616 criminal offenses were reported to the law enforcement agencies, an increase of 4,308 (+4.2%).

INDEX CRIME: Increased 1,732, more than 5.5%, to 32,938 offenses. The 1987 increase is 5.5% higher than the 1986 level. Violent crimes increased by 168 complaints and Property Crimes increased by 1,564 complaints compared to 1986.

Stolen property values exceeded $24.6 million with Motor Vehicles over $12.3 million. Recovered stolen property was $9.6 million, 39.1% of the amount stolen.

# TOTAL CRIME SUMMARY

This report focuses on the eight major Index crimes, homicide, rape, robbery, serious assault, burglary, larceny, motor vehicle and arson. Those serious crimes provide only part of the total crime picture. This section provides a brief overview of all reported crimes in Delaware by taking into account both Part I Crimes (the eight Index Crimes) and Part II Crimes, which include all other reported crimes.

Crime in Delaware increased by 4,308 complaints, to 107,616 an increase of 4.2% over 1986. This is the fourth consecutive yearly increase. It is the second year that Total Crimes have exceeded 100,000 complaints. Sixty nine percent of the offenses were the less serious or less frequently occurring felony and misdemeanor offenses (Part II Crimes). The highly visible Index Crimes (Part I Crimes), of the Uniform Crime Report, increased by 1,732 offenses compared to 1986.
